CONNECTING FAMILIES WITH AND THROUGH NEW TECHNOLOGY

Anne Bensfield

“For ages 2 through 6, there are so many quality early learning apps out there that parents don’t know about,” said Miss Anne. As a Children’s Digital

Literacy Librarian, she focuses on how various apps can support certain goals, such as learning how to reduce stress, speak a new language, or prepare for kindergarten. “There are ways for parents to make screen time quality time, and a time to learn together,” she added.
