4. Visitor Comments and Staff Reports
   a. Materials Services/Collection Development
      Elizabeth Marszalik, Experiences and Initiative Manager for Materials Services, presented on changes in collection development processes to align with the Library’s new Collection Strategy Statement. The Library has four librarians in Materials Services responsible for collection development as well as selectors in Children’s Services and a Special Collections team led by Leigh Tarullo. Additionally, the Library receives collection development assistance from two librarians at our main book vendor, Baker & Taylor.

      Leigh Tarullo, Special Collections Curator, discussed recent Special Collections projects including conclusion of the Hacking Hemingway grant. In addition, this year the Library has received a $2,900 matching grant to implement the software Archive Space.

      Kathleen Spale, Assistant Manager for Materials Services, presented on the Collection Strategy Statement, highlighting how collection development is driven by various factors including reviews, the broader collections available via the SWAN consortium, direct requests from customers, and conversations during staff public service desk time to engage with community members to find out what materials most interest our community members.

      Barbara Fitzgerald, Materials Services Librarian, discussed her areas of specialization in print fiction for adults and online resources. She noted that she looks at social media to follow trends and talks with staff and community members at both Main Library and the branches to gauge community
interests. Community driven collections reflect the Library’s strategic priorities of engagement, learning, and stewardship.

Shelley Harris, Children’s Services Library, presented on ordering children’s materials and preparing the Multicultural Collection for public access. Right now, kids are really excited about the musical Hamilton, so staff is ordering materials related to that subject and trying to tie this into library wide programming.

There was some discussion of the Strategic Priority for Learning and it was consensus that while Oak Park Public Library is a champion of open access to services and materials at the Library, the word “free” should be deleted, as Oak Park residents do fund the Library through their property taxes.

Mr. Baron called for a vote to adopt as amended. Ayes: all.

d. **Travel Expense Reimbursement Policy**

Mr. Seleb noted that the new *Oak Park Public Library Resolution Establishing a Travel Reimbursement Policy in Accordance with the Local Government Travel Expense Act (Public Act 099-0604)* was presented last month for Trustee discussion. The document before the Board this evening incorporates that limit into the resolution.

8. Reports
a. Executive Director – Library Effectiveness
In addition to his narrative report, Mr. Seleb highlighted progress made during 2016 on Library strategic priorities.

A copy of the Executive Director’s narrative report is attached to these minutes as Appendix V.

b. Deputy Director – Capacity and Infrastructure
Mr. Madigan had two additions to his narrative report. Installation of new hand dryers throughout Library restrooms is complete and staff has already received compliments for this change.

Last Wednesday, Mr. Madigan attended a very successful meeting in the Veterans Room at which the Homeless Coalition put forth a document with
specific initiatives to end homelessness in Oak Park. The Library was recognized as a significant contributor to that effort.

Mr. Madigan also reported on the activities of the Art Committee. A lot of progress has been made around preservation and curation issues as well ideas for programming to showcase the Library collection. However, there is more work to be done and the Committee will continue to do it.

of discussion of each agency developing a document to give to real estate brokers in the Village.

Mr. Fruth reported that the Illinois General Assembly is in veto session this week. There has been no progress on the State Budget.

Mr. Seleb reported that the ILA Public policy is recommending that the Illinois General Assembly give library districts in Illinois the same authority to add advisory referenda questions to local ballots as other government agencies, such as park districts, do. Another recommendation is to raise the competitive bid threshold for certain library and library district projects from $20,000 to $25,000.
